Scoring & Handicap:

Weeks 1 & 2 scores will be used to place teams in a division, but will also be included in the head to head competition.

Individual handicap will be established after shooting Weeks 1 & 2. Scores for Week 1 will reflect a handicap and competition will start with Week 1, with a maximum score of **23**.

No scores will be posted until after Week 3 is shot, so we have scores to establish the handicap for Week 1. The handicap will be the same for Weeks 1, 2 and 3. After Week 3, the handicap is determined using the prior 2 weeks scores.

If a shooter misses a week of league, a 0 score will be recorded. The shooter can and should still shoot the missed week. The -0- score will be changed, but will not affect the weekly score of the team.

Course of Fire for Trap, Skeet and 5-Stand:

- One round (25 targets) to be shot for each week (350 total targets). League week begins and ends the following Sunday.
- Top 5 scores from each trap team, top 4 scores from each skeet team and top 3 scores from each 5-Stand team will count toward weekly point race.
- Scores can be shot **2 weeks in advance** and you can shoot **1 week behind** the current week at any given point. **All shooting must be complete by Sunday, August 27th.**
- Each week, a team competes against another team; the winner receiving 2 points, the loser 0. A tie will result in a split or 1 point each. The team with the highest point total in each division at
